

Drama Club

Drama Club is largely made up of the group of students who volunteer their time after school to make our productions successful. Students involved in the club may or may not audition for a role or act on stage in one of our plays. Opportunities include stage crew, tech (lighting and sound), helping with the building of set pieces or props, makeup, fundraising, and just hanging out with a fun and "dramatic" group of people. In addition to plays, we do other activities like our haunted house and annual pilgrimages to McDonald's or Village Inn after performance nights. Why should you join Drama Club? Lots of Reasons:

Experience—working on productions with other FMHS Drama Club members affords you the opportunity to develop skills in many different areas. You will be able to pursue artistic expression in various ways, and you might just learn a few things about yourself along the way.

Leadership—this type of theatrical experience looks excellent on college applications.

Exposure—We perform our productions for students, staff members, and hundreds of people from the community. This is your chance to express yourself in front of a large audience!

Independence and Freedom— After some training, Drama Club often allows you to work independently, pursuing the role in acting, crew, or tech that best suits you.
