

**WELCOME to the NEW Colorado Community College System website!** We are scheduled to go live in mid-March! Our main goals are **user-friendliness, improved organization,** a more **modern look,** and an optimal **mobile device** experience. Additionally, it will be much easier for authorized staff to update content. We encourage you to familiarize yourself with the site and review the sections that pertain to your area. In all probability, there will be some updates, changes and unforeseen glitches before the launch so please bear with us as we work to make improvements!

## Navigation Bars

**The Top Bar** is the main way to maneuver around the site. The bottom half (*light*) is organized by audience so that each user can quickly find the areas that pertain to them.

**The Right Side Bar** will show you all pages that are related to the page you are currently on. In this sample, you are in the Educators Section and more specifically, the Transfers & Articulation Section.

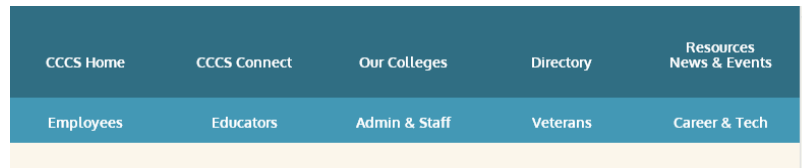

**Bread Crumb Trail** to show you where you have been is displayed right under the top bar.

## Split into TWO sections

There are two sections of the website that are linked together to further address and accommodate the variety of users. As you navigate the site, you will notice that you will switch back and forth between the two automatically.

**resources.cccs.edu** will be used by system office employees, Staff/Faculty from our 13 community colleges, outside educators associated with CCCS, etc. You can tell you are on the resources when the top navigation bar is *blue*.

**cccs.edu** will be used by all additional audiences including business partners, media, prospective students, investors, etc. You can tell you are on the main CCCS site when the top navigation bar is *black*.

## The Search Bar

Located on the right hand side of every page is a search bar. If at any time you cannot find the information you are looking for use the search bar. It will only search the section you are on (resources.cccs.edu or cccs.edu) so be sure to search on both
